Agricultural Economics Summer Courses

The Department of Agricultural Economics will be offering the following courses during the summer 2015 term:

AGEC 105- Introduction to Agricultural Economics – On-line, 10 week summer session

AGEC 314- Marketing Agricultural & Food Products – On-line, 10 week summer session

AGEC 315- Food & Agricultural Sales – Summer Session I

AGEC 340- Agribusiness Management – Summer Session I

This is the first summer term that AGECE 105 will be offered and it will be taught on-line along with AGECE 314. Both of these courses will be offered during the 10 week summer session. AGECE 315 and AGECE 340 will not be offered on-line, but will be taught during the first summer session.

Please feel free to contact the Agricultural Economics Undergraduate Office for any questions or concerns regarding these course offerings.
